SUBJECT: M&S Career Service Attitude Survey

\*g. Initial report (over-view of results) 1-1/2-2 Weeks

\*\*h. Final report 4 Weeks

\* Through step g would involve a maximum of STATINTL  
20 weeks.

\*\* Through the final report (step h) would involve a maximum of 24 weeks.

4. At the current time we do not envision the need for interviewing, as the input from Office Directors appears to have satisfied this phase. It may be necessary due to the size of the project, e.g., surveying approximately [REDACTED] employees, that we shall need to call on the assistance of some DDM&S components outside of PSS. For instance, the keypunching step would be greatly speeded up by calling on the resources available through OJCS, and it will probably be necessary to obtain personnel rosters through Office of Personnel.

5. Please contact us if you would like further information.
